

Trusting God Anyhow!

By Dr. Aaron E. Lavender

The Book of Habakkuk raises the philosophical question: “Why does a righteous God allow unrighteousness to prevail?” Being disturbed by the prevalent evils of his day, the prophet Habakkuk questions God. Habakkuk is a book that traces the prophet’s journey from doubt to faith.

Trusting God Anyhow! is a practical exposition of the book of Habakkuk. The book answers such questions as: Does God Care? Is God Faithful? Is God Really There? Designed to challenge Christians to put their faith in God during the worst of times, Trusting God Anyhow! focuses on topics such as: We Need A Faith That Pleases God, When Life Doesn’t Make Sense, Those That Wait On The Lord, and Is Your Worship Of God Genuine Or Phony?
